

V Series

V Series Cross-Trainer

The V Series Cross-Trainer has a compact and sleek design and offers an effective workout option for a wide range of exercisers.

Exercisers can start their workouts quickly with the intuitive console.

Optional attachable TV or secure tablet holder offer in-workout entertainment.

FACILITY MANAGEMENT

Standard internet connection provides detailed equipment use information, exerciser insights and preventive maintenance alerts. Connection also enables remote equipment monitoring, which allows our knowledgeable technicians to alert you in the rare case of a problem, often before you know one exists.

Moving handles and stationary bullhorns for workout variety.

A smooth and natural-feeling ellipse path provides effective results.
