# THREE EXERCISES ONE MACHINE

**EXERCISE: HACK SQUAT** 

- Naturally mimics the exercise motion of a traditional hack squat while offering a more supportive environment
- Adjustable back and seat pad helps to maintain a neutral spine during the exercise movement which results in less stress to the back muscles

### **EXERCISE:** DEAD LIFT/SHRUG

- Angled foot plate provides a stable foundation especially those with limited/tight calf muscles
- Compound exercise movement brings the weight back to draw the shoulders back and sets the scapula to a stable finished exercise

(Weight plates NOT included)
