

Durable, comfortable, and smooth are all qualities of Spirit Fitness semi-recumbent bikes. Easy adjustments, bright LCD screens, cooling fans, and mesh back seats provide a great workout experience. The XBR95 features additional programs, a heavier flywheel, 40 levels of resistance, and a generator for cord-free operation, so you can place it anywhere in your facility.

XBR95 SEMI-RECUMBENT BIKE

- Oversized 7.5" bright blue backlit LCD screen with separate Muscle Activation Profile and HR % Profile LED displays
- Generator power system eliminates the need for electricity
- Remote Handlebar Toggles for convenient resistance changes without taking your hands off the seat handles
- Contact and wireless heart rate monitoring options make your workouts more effective (chest strap transmitter included)
- Adjustable cooling fan and dual speakers with audio jack for comfort and entertainment
- Easy access seat adjustments for fore/aft and reclining backrest positions

XBR95 CONSOLE FEATURES

As with any product, a major importance is the user interface. We focused on making everything easily accessible and comfortable: adjustable console angle, muscle and heart rate LED profiles, tablet friendly reading rack, adjustable cooling fan, and integrated speakers with audio jack to keep you encouraged to work out longer.
